The FORD CO. GLOBE, Established 1877. (Consolidated, 1889.)  
The FORD CO. REPUBLICAN, " 1886.

DODGE CITY, KANSAS, THURSDAY, APRIL 25, 1901.

TWENTY-FIFTH YEAR. VOL. XXIV, NO. 29.

When you hear the robins singing and the south wind rudely blows; when at night the dark horizon with the burning prairie glows; when the butter tastes of onions, when the song of frogs you hear; when the tax assessors strikes you, then you know that spring is here.—Exchange.

Cattlemen in Greenwood county, Kansas, are making hard times for lawyers. They have established a system of arbitrating differences. Three men are chosen as an arbitration committee. They investigate the trouble and make a decision, which is final. A fuss involving \$60,000 was settled at Eureka last week by an arbitration committee.

Senator McLouth of Leavenworth, has been in the Indian Territory. He says of Kiowa and Comanche lands: When the Indians receive their allotments there will be no good land left for settlers. The Indians are given first choice of all lands and are taking the best. He states that the only land which can be cultivated and all good cattle grazing land lies along the rivers and creeks. This will all be taken up by the Indian allotments. The second bottom, as the land among the foothills is called is principally sand and can not be cultivated, and affords no grazing for stock. This and the mountain lands are all that will be opened for homesteaders. It is his opinion that those who go there hoping to get a home will in the vast majority of cases fail utterly.

## County Leases.

The following is the new law relating to the county leasing lands that have been sold to the county for three years:

Section 1. That in all cases where lands and town lots are sold for delinquent taxes, lawfully assessed, and bid in at such tax sale for the county in which they are situated, and held by the county under such tax sale for a period of three years or more from the date of such sale, the board of county commissioners may take possession of and lease the same to the highest bidder therefor, for a period of one year, and to continue to so lease the same until the amount due the county for taxes thereon shall be fully paid.

Section 2. That upon the payment by the lessee of such lands or town lots of the rental price therefor, to the county treasurer, it shall be the duty of the county treasurer to issue his receipt in duplicate therefor, one of which shall be retained in his office and the other shall be delivered to the lessee; and upon presentation by him of said duplicate receipt to the county clerk it shall be the duty of the county clerk to prepare a lease of said lands or town lot or lots to such lessee, which lease shall be signed by the chairman of the board of the county commissioners, and attested by the county clerk under the seal of his office.

Section 3. It shall be the duty of county treasurer, upon the payment to him of any such rental money to enter the same upon the credit of the tax account held by the county against such lands or town lots. Provided, such lease shall be subject to the right of the owner to redeem at any time, by the payment of the balance of the tax lien against such land, but if the owner of any such lands or town lots shall redeem the same from such tax sale and lien he shall pay to the lessee an amount equal to the rent therefor for the unexpired portion of such term of lease.

Section 4. It shall be the duty of the county attorney, upon the order of the board of county commissioners, to commence and prosecute, in the name of the board, all actions necessary to be brought to obtain possession of any lands or town lots under the provisions of this act.

Section 5. It shall be the duty of the board of county commissioners, to furnish to the county clerk a list of lands in his county subject to lease under the provisions of this act.

## The International Sunday School Association.

Dodge City is one of the places selected by the International Association for a meeting, which will be held in this city, May 9 and 10th. The meeting on the 9th will be devoted to county work and the one on the 10th to work by the International party.

An invitation is extended to all people to come and take part in these meetings. Dodge City will entertain visitors free. The County Executive Committee has the work well in hand and will be able to provide entertainment.

These meetings will be instructive and enjoyable, and all who come will be well repaid for their time and trouble.

A rate of 1½ fare has been secured for the Dodge City meeting from all points within a radius of 150 miles.

Among the speakers of national renown are Prof. H. M. Hamill and Mr. Marion Lawrence, International General Secretary, respectively; Mrs. H. M. Hamill and Mr. Marion Lawrence, International Field Secretary and International General Secretary, respectively; Mrs. H. M. Hamill specialist in primary instruction; and B. W. Spilman, D. D. of North Carolina. Prof. E. O. Excell will have charge of the music.

The meetings in Dodge City will be held in the opera house. There will be ample accommodations. This is a meeting which all Sunday school workers and people interested in the work should attend.

The coming south-west Kansas Sunday-school convention to be held here on May 9th and 10th, promises to be the largest gathering of people ever held in Dodge City, or the south-west. The territory embraced in this district extends from Hutchinson west; and if each one of the many hundreds of Sunday schools in this vast district send but one delegate, the entertaining hospitality of Dodge City will be taxed to its utmost; but where many schools promise to come "en-masse," we may well wonder where we will put them all; but Dodge has always been noted for whole-souled hospitality, even in its roughest days, and to be dismayed at this invasion of the Sunday school ma'ams, would not be in keeping with western civility, and short grass hospitality; therefore it is fairly a matter of city pride, in which every citizen must feel a sense of responsibility, and felt strongly enough that their doors must be opened to entertain these goodly people, and make them feel that Dodge is a good place to live in, notwithstanding the many hair-raising tales of the city, when in her "cow-boy" glory, and which were mostly the imaginations of some hair-brained tenderfoot. A committee will call on every house in the city and it is earnestly desired that every one will cheerfully and gladly help in keeping and building up the good name of the city, by entertaining as many as possible. THE EXECUTIVE COMMITTEE.

## Funeral of Bert E. Winans.

We announced last week the death of Bert E. Winans, which occurred at Monongahela, Pa., on the 16th inst., of lock-jaw. The body was in charge of F. R. Colvin, a contractor and builder, with whom young Winans was employed. Mrs. Edith Winans, wife of the deceased, also accompanied the remains.

The funeral exercises were held in the M. E. church, Saturday afternoon, and were conducted by Rev. D. McCormick. The pall bearers were S. V. Byrne, Ray Kirkpatrick, Nelson Crawford, John B. Martin, Wm. Imel and Pearl Trebelcock.

The M. E. church choir furnished the music.

A large number of people were present and the assembly was a solemn one. Flowers covered the casket. The scene was one long to be remembered.

The choir sang a hymn after which Mr. McCormick offered prayer.

After reading a Bible lesson Mr. McCormick spoke eloquently and feelingly. He said he did not have much to say of the dead. His record is made, and he is alone with God. He would speak to the living, and of these calls God is making to us. Four times in three weeks he had performed this service over the dead—over the young and the old—the aged, the mother man and as he had just begun to live he is called hence.

God calls us to set our house in order, for we know not who will be called next. "Therefore, be ye also ready: for in such an hour as ye think not the son of man cometh."

If there was one thing greater than another it is the undertone of sorrow which all meet. It is so described in the Bible. Lives of all men were in lines of great sorrow.

There is a great multitude of people in Heaven, because a greater number die in infancy without sin; and those who stand before Christ with their sins forgiven. There is a multitude in Heaven before God whom no man can number.

Mr. McCormick spoke of the narrowness and prejudice of people who believe they have the only salvation. But the love of God is broader than the measure of mankind. God holds us to be charitable and to expand our views.

Heaven is like our earthly home with sin eradicated, and then we shall meet the redeemed by different routes.

Mr. McCormick gave some words of comfort to the sorrowing family and relatives.

Bert E. Winans was born in Spearville, February 2, 1878, and he was the first child born in that town. He was married to Miss Edith Conn, and to them one child was born. The family was doing well in Monongahela, when death overtook the husband and father. The afflicted ones have the sympathy of many friends.

Benjamin E. Winans was born on his father's ranch near Spearville, February 2, 1878; lived on ranch until June, 1893, when he worked with his father at the building business until April 16, 1900, when he went to work at the building business at Monongahela, Pa., for F. R. and J. G. Colvin & Co., where he died April 16, 1901, of blood poison, after less than two days illness. We hope to meet him in the bright hereafter. Peace to his ashes.

We desire to thank our many friends for their help and kindness and sympathy in this our first great trial and bereavement, and hope you may all be blessed of God and comforted by your friends. Words fail to express what we feel towards you all, and may Heaven's richest blessings be yours.

Lovingly, yours,

## BUCKLIN BRIEFS.

—About the division point time will determine. In the meantime listen.

—G. F. Tragar is adding improvements to his fine home near the town.

—The family of S. E. Coons was visiting friends in Dodge City this week.

—Gangs of men pass Bucklin daily, to and from the extension work beyond Liberal.

—Harry DeBaun is beginning the erection of a house on Mike Drennan's ranch.

—Sam Coons is to be mayor of the town as soon as the organization is completed.

—S. E. Stofor has completed a neat dwelling house and now occupies this comfortable home.

—A large number of strangers are in Bucklin every day. They are looking after lands and business.

—It is not too late to set out shade trees and Bucklin would not regret this step in beautifying the town.

—E. A. Kable the live Rock Island agent, has an assistant in the person of W. T. Miller, who looks after the night work.

—W. C. Cook has finished a neat dwelling house. Mr. Cook was married on the 17th. His house was built by David Deillinger.

—W. J. Joy, of Dodge City, is the cook at the St. Charles hotel. Dick Weiss, also of Dodge City, is dish-washer and gardener.

—L. W. Handy is owner of the Bucklin water works. He supplies several families by means of pipes, and he expects to extend the water system.

—Postmaster Gosslee finds the business of his office increasing. He is agent for the GLOBE-REPUBLICAN and call on him if you wish to subscribe.

—Bucklin people are anticipating some improvements to their town, and from present indications the town will add considerable to its population in another year.

—In a recent write-up the name of S. E. Coons was by an oversight omitted. Mr. Coons is one of the best citizens, and in Bucklin's future he will be a strong pusher.

—D. Fisher is laying the foundation for a large store building. The second story of the building is to be occupied by the Modern Woodmen, whose society numbers 45 members.

—The Free Methodist Society has under roof a new church building which will cost \$800 and seat 300 people. Of the money \$400 is subscribed and \$400 will be borrowed from the church extension fund.

—L. M. Taylor's new butcher shop building is completed. Harry DeBaun has put up the building. Mr. Taylor is selling choice steaks and salt meats. He buys and ships fat hogs, and all kinds of stock.

—W. R. Gordon, a ranchman near the town, has 150 head of fine milk cows for sale. These cows are home raised and good milkers. Mr. Gordon must sell some of his stock owing to his range having been cut short.

—As soon as the track is laid to Twist, Texas, another passenger train will be put on through Bucklin and Dodge City. In less than 40 days trains will be running to Twist. On Monday track laying was resumed, and at the rate of two miles a day the line will be completed to Twist in less than 40 days.

—The "Western Resources" shook up Bucklin for a few "write ups," with its usual manner of mistakes. It was made to say that S. D. Anlis sold 28 cars of lumber in 1900, when the number was 58. The writer also stated that water was obtained at 150 feet, when it should have been from 80 to 100 feet.

The clerk of the District Court and Probate Judge are kept busy these April days taking final proofs of land and making new filings. There is over 68,000 acres of government land in Meade county yet subject to entry under the homestead law and a number of quarters are being filed on.—Globe.

## The Revival.

The revival meetings in the rink continue with increased interest and larger attendance. Elder Romig is an able and earnest expounder of Bible truth. Last night he gave an interesting sermon on the cause which he represents, and removed of denominational bias his argument was convincing. Mr. Romig is ably assisted by Elder Carr and Mr. Dawdy, who has charge of the singing.

The stereopticon views are entertaining and instructive and greatly assist the seeker on moral and religious lines.

Saturday night, Elder Romig will give a stereopticon lecture on America, or the land in which we live. An admission fee of 25 cents and 15 cents will be charged, the money to be applied in defraying the expenses of the meetings. Mr. Romig devotes much of his funds to charitable purposes and he should be well sustained and liberally patronized in this week. His lectures and stereopticon views are attractive features of the meetings but they also enlarge the religious sense, and are 'object lessons' which no one can offer satisfactory objections. The meetings will be continued for some time.

## A Throne Awaits Him.

Philadelphia, Pa., April 25, 1901.

N. B. Klaine, Globe-Republican, Dodge City, Kas. Reported here that Andree Boyne Delazer is rightful heir to throne of Servia. If you can locate man and get confirmation, wire us five hundred words on story, also get pictures of man, his wife and his home and mail same at once. THE PHILADELPHIA INQUIRER. Who can locate Andree? Servia is a country located in European Turkey.

## SPEARVILLE SPLINTERS.

—Wheat looks fine everywhere in Ford county.

Chas F. Bowyer, formerly of Dodge City, is engaged with U. L. Shelly.

—The new elevator is now ready for use, and will be quite useful when the next crop comes in.

—W. P. Marshall has retired from business and is engaged in farming near town. Shorty is a worker.

—Baird & Dorsett are selling a large number of lands. They are liberal advertisers and are reaping benefit.

—H. W. Scandrett sold to John A. Padgett the house formerly occupied by him, and received a good price.

—U. L. Shelly, landlord of the Shelly hotel, meets all people with his usually good humor and good accommodations.

—Spearville is about the neatest, and cosiest town on the west line of the Santa Fe. It is substantial in every particular.

—W. H. Beck, who has the largest fruit orchard in the county, says the fruit is all right. The frost hurt some of the apricots only.

—S. L. Pine, who lately sold his farm and bought more land has bought a house in town, and will occupy it as a residence.

—New residences are needed in Spearville, and some enterprising man will find building a few houses a profitable investment.

—J. N. Davidson, of Kansas City, who has a large ranch north of the town, was in the city, Monday. He is adding some fine stock to his herds.

—Geo M. Kerr, the enterprising editor of the News, is doing a good business, and his newsw news is highly appreciated by the citizens of the east end.

—In anticipation of a lively trade Edwards & Nichols, J. M. Leidigh, H. W. Dorsett and E. F. Bogart have put in large stocks of goods in the lines of which they represent.

—Spearville merchants have large stocks of goods and doing good business. Harry Leidigh says it takes one clerk nearly all the time to count the eggs that are brought to his store.

—L. W. Eastman, the time honored citizen who is now taking a second breath on life is as energetic as ever. He is preparing to make considerable addition to his hotel.

—Miss Beck, daughter of W. H. Beck, who lives north of the city, on Saturday, was badly scalded on the hands by the hot juice from pies which she was taking from an oven. Miss Beck came into town Monday for treatment by Dr. Bartley.

—Dr. C. P. Bartley, of Barry county, Mo., has lately established himself in Spearville, and he is already meeting with good practice. Dr. Bartley has had several years experience in his profession. He is a genial and kind man and he commends himself to the people.

## FORD FLYERS.

From Our Regular Correspondent.

—Sam Snall (not the Rev.) is in the employ of Mr. Drake on his big ranch south-east of Bucklin.

—Rev. Paramore the new M. E. minister preached his first sermon at Ford last Sunday to a full house.

—Corn-planting has been lively among the farmers the last week and many have finished, a large acreage is being planted this spring.

—Miss Kathrene Morrison is continued another month in the Ford school in the primary division. Her efforts during the term have spoken their own approval.

—H. C. Nichols of the firm of Edwards & Nichols of Spearville is making a successful taking of orders for the improved McCormick Binders, etc. this week in this large wheat raising part of Kansas.

—Rev. Ploney was making social calls in Daisy Dell vicinity the fore part of this week. He gave a very pretty and practical talk to the young people and children last Sunday. The old, too, enjoyed it very much.

—New bicycle demonstrations on the Ford streets these pretty evenings. Theory and practice of running the wheel is now a part of our village pedagogies; the two may not always keep in harmony and make divergences but the theory is nearly to perfection.

—A. J. Hubbard slipped on his duck apparel a few days ago and took a modest trip to the Mulberry and brought home on his belt (or some where) 17 fine ducks. Now Nimrods don't make a rush, there is no Kiowa lottery business in this territory but skill and practice.

—Mrs. Zora Querin and nephew Arthur Nelson were entertained at the liberal home of Charley Felton and family Sunday and—Arthur why were you so anxious to turn your smiling face towards Bucklin that evening. Has Bucklin got a booming inspiration on you, too?

—Al Melia is strictly in the swine business. A short time ago he sold 32 head of fine big fat fellows to Mont. Taylor the Bucklin hog shipper on the 5:20 market and has now over 70 head on hand for backers to gnaw at his and J. E.'s big corn pile.

—Charley Stevenson, Ford's stirring cattle man, with his crew of assistants, returned from Medicine Lodge, with 500 head of cows the first of the week to put on his large Mulberry ranch. J. J. Morrison, Jr. was one of the specialties on the trip, flourishing the distowel, rolling the cutlery and toning the digestive fixtures.

## Short and Sweet.

Last week we recorded the marriage of George W. Helfer of this county and Mrs. Katherine Chipman of Dodge City, Kansas, which took place at the Murray hotel on the 10th. The same evening the happy couple, accompanied by the latter's daughter, braved the mud and drove out to the Helfer home, some six miles southeast of this place. Thursday they returned to this place with their trunks and Friday morning Mrs. Helfer of a day and daughter took the train for their home in the Sunflower state, ostensibly to make arrangements to return (?) to Worth county. There is no doubt of the return of the bride, but the mud must first dry up, which may take so long a time that the dawn of the millennium will be peeping over the hills and throwing kisses at the Helfers as they graze in the rich pastures of domestic felicity.—Grant City (Mo.) Times.

According to authentic reports from the land department there is yet 34,930 acres of land open to homestead entry in Gray county. The greater part of this land is in the sandhills, but some choice quarters can be had in different parts of the county. Non-residents who care to know more about this land can get full particulars by addressing the Sentinel and enclosing stamp for reply.—Cimarron Sentinel.
